The DocuMate 4440i is fast and easy to use. With its advanced paper handling technology, integrated image enhancing software and a small footprint, the Fuji Xerox DocuMate 4440i is packed with features that will change how you manage your documents. The versatility of this device is an attractive solution for demanding environments such as healthcare and insurance organisations. ID and insurance cards, as well as paper documents can be scanned through the Automatic Document Feeder (ADF) which holds up to 50 pages. Fast scanning speeds of 40 pages per minute and 80 images per minute in duplex plus a 5,000 page daily duty cycle means this scanner will be a high productivity addition to your business workflow. This device is bundled with document management solution software, and has optional hardwired network connectivity and warranty extensions available.
