Achieve a more professional finish for your office by printing professionally addressed labels for your envelopes and packages, even including your logo if required. The QL-720NW is Brother’s fastest label printer, capable of producing up to 93 standard labels per minute. Pre-sized labels can be used or the built-in cutter will trim your label to the desired size from 12.7mm to one metre in length. Built-in wired and wireless networking features allow multiple users to access the labeller from anywhere within your organisation, and the device will easily integrate with Microsoft Word, Excel and Outlook. Whether you are printing one label or several at a time, the Brother QL-720NW has been designed for perfectly printed labels every time.
