The Develop ineo +258 has proved a successful offering to DMP's clients. Due to the many customisable options available, we can easily tailor this device to the unique needs of your business. The ineo +258 has 25 pages per minute print/copy time, optional single-pass dual scanning, modular finishing options and an enhanced 9-inch colour touchscreen. We have been particularly impressed by the exceptional print quality, ease of use, and reliability. Operations like copying, printing, scanning and faxing are effortlessly accessed by the multi-touch panel, which works similarly to most smart-phones or tablets. The ineo +258 comes with an array of finishing and software solution options - contact us to discuss the right configuration for your business. Complimentary on-site assessment of your print environment is available with no obligation.
