- Print, Copy, Scan, Fax
- Print Speed: up to 45ppm
- Duplex Print
- Duplex Scan
- Wireless (optional via third party interface)
- MPS Plans available

Standard Warranty: 1 year on-site**

The Fuji Xerox DocuPrint M465ap is part of the Fuji Xerox SMART Series which bring sophisticated document management features that are usually only associated with larger, more expensive models. The large tilt-able colour touch screen is easily customisable, allowing the user to tailor the menu to common work functions and there are many features that can be introduced such as high compression scanning, annotation copy, searchable PDF and more. Integration into third party systems (such as PaperCut, Equitrac and Ysoft) allows advanced Cost Recovery to capture, track and report print and copy use, and the Server-less On-Demand option enables a Follow-me Print Solution without the need for costly server based software. Users can release their print jobs on demand by simply entering their pin, or "Tap'n'Go" using the optional card reader. Exceptional authentication, cost recovery and automated workflow capabilities - the Fuji Xerox DocuPrint M465ap is small, but highly productive. Multiple paper tray, cabinet & warranty configurations are also available for this device.
